**History**

**The very first Bill's was on High Point Road. It included a bar, which inspired the name. This part of the restaurant, the pub, was host to many young people who frequented it for the great food, beverage and social atmosphere. You came for dinner and stayed for pinball.**

**The restaurant caters to families and individuals alike who have come to love the food, especially the square-cut pizza. We love to create a new pizza representing one of the many, different cultures in America. Please let us know if you have one you want us to try!**

**The family is proud to carry on the tradition started those many years ago. This page is dedicated to Bill & Dorothy Rogers — they sacrificed in order to provide a better life for their family. They had a dream that turned into a tradition for many families in the Triad.**
